

One Trash Hauler for Springfield Township – 5/27/16

Send questions and comments to bcullen@springfieldtownship.us

Facts:

- There are 5,751 homes in Springfield Township
- The trash pickup proposal is based on the model contract New Franklin and Coventry use with Republic
- Residents pay **\$37.80 per quarter** in 2016 for unlimited trash pickup service and recycling
- They still have 5 years on their contract and a resident would pay **\$43.83 per quarter** in 2021 based on a yearly 3% increase

Pros for using one trash hauler:

- Lower rates to Springfield Township residents
- 96 gallon carts on wheels are provided for trash
- 65 gallon recycle carts on wheels are provided
- Trash and recycling are collected on the same day by different trucks
- The number of trash trucks on the Springfield Township roads will be reduced
- Reduction of wear and tear on the roads
- Bonding to ensure that service standards are met

Cons for using one trash hauler:

- Everyone in the township will have the same trash hauler and there is no opting out
